PRESS-RELEASE

**Mass Killings Among Armenian Soldiers in
the Occupied Territories of Azerbaijan**

August 5, 2010

No.7

According to recent press reports six Armenian soldiers have been killed in a shooting incident in the occupied territories of Azerbaijan. Armenia's different news sources inform that an Armenian conscript on duty in occupied Khojavand region of Azerbaijan has killed himself and five other servicemen. All of them were from Armenia.

The incident took place in one of the Armenian military bases in the Khojavand region of Azerbaijan occupied by Armenian forces. Armenian Defence Ministry press service reported earlier, an armed incident occurred in one of the Armenian military units on July 28. According to the source, there are victims (news.am/eng/news/26416.html). Armenia's human rights activists expressed concern about situation in the Armenian army.

Despite the Armenian side's refusal to admit the fact of the direct aggression of the Republic of Armenia against Azerbaijan, the abovementioned reports once again prove that the Republic of Armenia is directly involved in the conflict in and around the Nagorno-Karabakh region of Azerbaijan. Armenia is an occupying power of Nagorno-Karabakh and other regions of the Republic of Azerbaijan.
